PREFACE

This volume is the eleventh **Annual Catalogue** of Ontario Government publications. It is a cumulation of the twelve issues of the **Monthly Checklist** for 1982 with some additions and changes. Entries for serial titles indicate the issues published since those listed in the 1981 **Annual Catalogue.** Other items that have been omitted from 1982 issues of the **Monthly Checklist** or the previous **Annual Catalogue** have been included in order that the bibliography might reflect as nearly as possible the total publication output of the various government ministries and agencies.

Press releases and publications of an internal nature have not been included. Reprints of articles written by government officials and appearing in non-government publications have not been included unless they bear the imprint of a ministry.

In order to ensure the continued availability of significant items of continuing interest some documents have been microfiched. In these cases the entry describes the original hard copy edition with the microfiche number and price appended. In cases where the Government published only a microfiche edition the cataloguing entry describes the microfiche format.

The material is arranged alphabetically under issuing body with annual reports listed first in each category. Within each ministry there are subgroups for branches, divisions and other agencies that report through that ministry. Prominent agencies are listed as separate main headings at the end. The table of contents provides an overview of the ministries and agencies used as headings. Access is facilitated by author/title and subject indexes. Most of the subject terms are derived from **Library of Congress Subject Headings** and **Canadian Subject Headings**, with altered punctuation.

The publications distributed by Publications Services are marked with an asterisk. The price and availability of these documents were verified in June 1983.

The **Monthly Checklist** also listed items marked with two asterisks that were distributed directly by the issuing bodies, usually in limited quantities. Since no attempt has been made to determine whether any of these items is still available in hard copy, this ordering information has been deleted. Items that were microfiched will still be available in this format, as the entries indicate.

Those wishing to obtain copies of materials distributed directly by the issuing bodies should review current issues of the **Monthly Checklist** and order promptly. Many folders and other ephemeral materials are reprinted at intervals. Each serial title that is continuing publication has an open entry in the **Monthly Checklist** to correspond with the first issue of that title in the calendar year. Addresses are those of the main ministry offices unless otherwise indicated in the **Monthly Checklist.** The current edition of the **Government of Ontario Telephone Directory** provides full addresses and telephone numbers. An abbreviated list of communications offices of Government ministries and agencies is appended. The list corresponds to the main headings used in this text.

Many publications listed in the **Annual Catalogue** are available for consultation at depository libraries for Ontario Government publications and a list of full depository libraries has been included to assist the user in locating them. The term ''full depository'' means that the library automatically receives all publications in the **Monthly Checklist** which are designated by a ''D''. There are also selective depository libraries throughout the province, which receive any ''D'' items they specifically request. These libraries have not been listed, as their collections would be less complete. Publications that were depository items during the year 1982 are marked with a ''D'' as in the **Monthly Checklist.**

The **Ontario Government Publications Annual Catalogue 1983** was compiled and edited by the Checklist and Catalogue Service of the Legislative Library, Research and Information Services. The staff who worked on it are: Catalogue Librarian, Carolyn Barnes: Administrative Clerk, Pulver Zajfman; Acquisitions Technician, Donna Stellar; and Summer Student, Alison Brown.
